

**Report of Classification Commission
Common Outlet Assessment
Drainage District Nos. 7, 8, 18, 23 and 68 of Worth County
Main Open Ditch Repair Drainage District No. 23
Worth County
2018**

We, Ken Sweetland and Chad Nelson, landowners in Worth County, and Jonathan Rosengren, engineer, are the commissioners duly appointed to apportion benefits to the common outlet drainage districts benefited by the repair of the Main Open Ditch of Drainage District No. 23 in Worth County. This drainage district facility is a legal common outlet for Drainage District Nos. 7, 8, 18, 23 and 68 of Worth County.

Pursuant to such appointment we have examined the respective drainage districts and we have determined the cost of the repairs made to the common outlet facility. We have also determined the percentage of benefits and the total dollars to be assessed to each district as listed hereafter.

Cost of Common Outlet Repair
(Excludes Annexation, Reclassification and Court Costs): \$732,000.00

Distribution of Cost:

<u>Drainage District</u>	<u>Benefit</u>	<u>Assessment</u>
Drainage District No. 7	<u>20.48 %</u>	<u>\$149,913.60</u>
Drainage District No. 8	<u>5.64 %</u>	<u>\$41,284.80</u>
