Seventeenth Day

The Worth County Board of Supervisors met pursuant to adjournment with all members present.

Motion by Abrams, second by May, carried to approve the April 17, 2006 board minutes.

A meeting was held at 9:00 A.M. regarding DD11/L36. Grayling Stayner stated that the water flow had been changed from the original and would like to have the supervisors correct the situation. Alan Stevens discussed the history behind the lawsuit in 1963. Arlen Gullickson stated that the water had originally run in both directions. Kenneth Abrams suggested that NRCS be contacted to check the records for elevation and specifications. Arlen Gullickson gave permission to enter his land to review the situation and requested they think about the future if making corrections. Arlen Gullickson stated that he would like to have the situation addressed in stages, the first stage being the supervisors and NRCS reviewing the situation and then report back to him before taking action. Kenneth Abrams will contact NRCS to look at it.
